Experience

Frontend Developer   *Dec 2022 - till date*
Sprie (Percept Imagery)

- Build Sprie's Customer dashboard, Admin dashboard, and SprieLive using React, TypeScript, Coreui, and other front-end technologies.

- Dashboard users can access their product's analytics after login. The dashboard contains Coreui's smart table, charts, full calendar, search, and pagination with other features. also integrated AR model preview and VTO preview into the dashboard.
- SprieLive users can virtually meet with their customers to showcase their products. Implemented camera, mic, VTO, and AR preview toggles, all with a smooth transition, as well as the search, join, and end call functionality.

Projects

PetSoft | *Nextjs 14, Next-Auth, MongoDB*   *April 2024*
Source Code || Live Preview

- SaaS web app for pet care businesses, to keep track of pets record.

- In the app's dashboard, the admin can create, update, remove, or search out a pet record from the list.

- To access dashboard functionalities, users have to sign up and purchase app subscription via stripe payment gateway.

Evently | *Nextjs 14, Clerk, MongoDB*   *February 2024*
Source Code || Live Preview

- Events organization web app.

- Users can search and filter out the list of events available, after login or sign up they can buy event tickets.

- The app allows users to market their own events, and update or delete any previously listed event.

Soft Skills

- **Problem-solving**
- **Adaptability**   • **Flexibility**   • **Creativity**
- **Teamwork**   • **Time Management**   • **Communication**
